Summary

Enthusiastic and driven computer science student with a strong foundation in web development principles and a passion for creating user-friendly and efficient web applications. Proficient in HTML, CSS, and JavaScript, with experience in building dynamic front-end interfaces. Eager to contribute to a collaborative team and gain practical experience in a fast-paced web development environment.

Skills

Machine Learning | Python | Tensor Flow | Java | PHP | HTML | CSS | SQL | Power BI | Hard-working | Patience | Optimistic | Leadership | Microsoft Excel

Language

English | Hindi

Extra Curricular

• House Captain, Led and motivated a house team in various inter-house competitions and school events.
• Represented the university as Team Leader at the North Zone Badminton Tournament after competing at the University level.
• Coordinated volunteer efforts and managed logistics for the Education Drive, contributing to successful educational outreach Education Drive

Education

Birla Institute of Applied Sciences, Bhimtal
B.Tech in Computer Science
Bhimtal, India   2025

Kumaon Public School, Dwarahat
Intermediate
Dwarahat, India   2021

Universal Senior Secondary School, Haldwani
High School
Haldwani, India   2019

Internship

Bharat Intern
Web Development Intern   Oct 2023 - Nov 2023

- Developed interactive front-end web applications, including a Netflix homepage clone and a dynamic temperature converter, enhancing my skills in HTML, CSS, and JavaScript.
- Implemented responsive design principles to ensure optimal user experience across various devices.

Simmi Foundation
Fund Raising   Sep 2022 - Oct 2022

- Raised Rs 5000 for the foundation through effective fundraising strategies, demonstrating strong organizational and communication skills.
- Managed funds and tracked expenses, ensuring transparency and accountability in financial management.

Certifications

- GenAI Powered Data Analytics Job Simulation, Tata (25 June, 2025)
- Data Analytics Job Simulation, Deloitte (8 June, 2025)
- TensorFlow for Deep Learning Bootcamp, Udemy (9 August, 2024)
- Machine Learning Training Certificate, Internshala (15 September 2023)
- Data Structure and Algorithms in Python (6 July 2023)
- Responsive Web Design, freeCodeCamp (15 July 2022)
- JavaScript Algorithm, freeCodeCamp (6 August, 2022)

Projects

- Developed a Power BI dashboard suite for loan data analysis, providing insights into lending operations and borrower behavior. Designed key performance indicator (KPI) dashboards to support strategic decision-making.
- Developed a responsive e-commerce platform for shoes using HTML, CSS, and JavaScript, featuring a dynamic product catalog and intuitive navigation. Demo available at https://my-shoe-website.vercel.app/.
- Developed an interactive web application to visualize sorting algorithms and Minimum Spanning Tree (MST) techniques, enhancing understanding of complex computer science concepts for students.

(Sustainable Development Goals Council).
